

## Grappling With Truth Behind Bars (2 of 2)

Contributed by Arnie Gotfryd  
Thursday, 05 February 2009

"From a scientific perspective, believing that G-d created billions of atoms... that later developed and evolved... is no different than believing - in accordance with the straightforward meaning of Bereishit - that G-d created the heavens and the earth on the first day..."

The Rebbe, Mind Over Matter, Ch.2
